

- *Advising and Early Registration for Spring**
- *NASA Undergraduate Summer Research Program**
- *Study and Research Opportunities in Australia**

***Advising and Early Registration for Spring**

Advising sign-ups will begin on Monday, October 15. The advising period is Monday, October 22 through Friday, November 2 (some faculty will be out of town so you need to sign-up early). Early registration begins on Monday, October 29. You will receive a separate email from Barbara Kirts with details on advising sign-up. You will receive an email from Admissions and Records giving your earliest registration time.

***NASA Undergraduate Summer Research Program**

Application deadlines: Spring, October 22, 2007; Summer, January 31, 2008; Fall, February 29, 2008

NASA-USRP offers undergraduate students across the United States internships at NASA centers under the supervision of technical mentors. This prestigious program seeks rising sophomore, junior and senior students in the disciplines of engineering, math, computer science and life/physical sciences. Students may apply for a 10-week summer session or a 15-week spring or fall session. NASA-USRP provides students with hands-on, real-life research experiences that challenge, inspire and bring practical application to complement the students' academic education. Stipends are \$6,000 for the summer session and \$9,000 for fall and spring, plus a round-trip travel allowance.

Visit <http://www.education.nasa.gov/usrp> for more details.

***Study and Research Opportunities in Australia**

Thursday, October 18, 2007 at 3:00 pm, room 101B International Studies building

Mark Darby and Joh Hayton will be on campus to publicize and promote various opportunities available to undergraduates on study abroad and exchange program opportunities in Australia.
