The Aerospace Engineering Undergraduate Advisory Board consists of a representative from each class, a representative from the AIAA Student chapter and a Chair. The committee meets generally once a month with the Head of the Department, Chief Undergraduate Advisor and the Undergraduate Affairs Coordinator to discuss concerns brought to their attention by the undergraduate student body and to give advice on undergraduate matters. The UAB strives toward continuous improvement of the department to serve the needs of undergraduate students. In addition, the UAB encourages involvement in student projects and initiates other projects to further improve students experience in the department. Past topics have included discussions over curriculum changes, enrollment retention, and the computer labs.

If you have questions regarding the UAB, you may contact Sylvee Walenzenczewski, swalenc2@uiuc.edu, Chairman; Calvin Lee, cjlee6@uiuc.edu, senior rep; Mike Ciffone, ciffone2@uiuc.edu, junior rep; or Jared Daum, jdaum2@uiuc.edu, sophomore rep.
